

We did a short exercise where we each named a talent we had while the rest of the class came up with ways we could use that talent to serve others and God.

We then looked at every little thing that we may do during our day that may be considered helping or serving others when we do it with a serving attitude with love in our heart.

Whether it be picking up a piece of litter, putting away shopping carts or just helping somebody who has their arms full, it can all be 'serving others' when we do it with the right attitude.

We said that the world may consider fame or fortune or power to be "great" but, while these things may not be "bad" to be "great" in God's eyes is to serve.

If you are truly living as God's servant then worldly recognition makes no difference to you because you know that you are living your purpose following Jesus and you also know that you are doing something that God calls great.

We finished up discussing some of the service activities that we currently do as a youth group and came up with some more ideas for additional opportunities to serve in our Church and in our community.

Join us next time as we finish up our series on our 'purpose'.
