Invite Your Friends  
**6pm to 10pm**

#### Sunday

### Are Dinosaurs in the Bible?

Last Sunday, was the 5th Sunday in March and on the 5th Sunday of the month we do something a little different. This week was all about Dinosaurs!

We started just talking about dinosaurs, what we know about them, what we've heard about them, and also what we don't know about them.

We said that we've learned that they were huge, mean, and dangerous creatures that all died off 65 million years ago, long before humans ever appeared. We've also heard that dinosaurs are never mentioned in the Bible story of Creation.

We asked why dinosaurs seem like such a big deal,

are being collected in the bin located on tables in the hall. These items will be sorted into personal bags and given to DCS to be distributed to teens who may not even have their own tooth brush or comb.

---

### This Week's Bible Verses

#### Job 40:15-18

<sup>15</sup> "Look at Behemoth, which I made along with you and which feeds on grass like an ox. <sup>16</sup> What strength it has in its loins, what power in the muscles of its belly! <sup>17</sup> Its tail sways like a cedar; the sinews of its thighs are close-knit. <sup>18</sup> Its bones are tubes of bronze, its limbs like rods of iron.

even from a very young age. First, they're just plain fun and fit well with kids' make believe. They also help kids learn about sciences such as geology & archaeology.

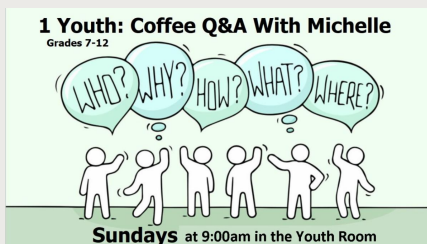

The stories that we learn about dinosaurs fit in and help support theories such as evolution. As we'll soon see, if dinosaurs are shown to be in the Bible, living along with humans, the whole theory of evolution just falls apart.

To learn about dinosaurs in the Bible, we watched a very good [video presentation](#) by Calvin Smith, the Executive Director of [Answers in Genesis](#), a Christian Apologist Ministry dedicated to helping Christians defend their faith. They prove various accounts in the Bible to be true today using logic and science.

We watched the video then discussed some of the points that were made and answered any other questions afterward. We mentioned that whenever we see things like this, it's always good to research for ourselves and to also study the Bible for ourselves so that we don't get misled.

We said that things like this are good to learn to not only reinforce and defend our own faith but to also help us to answer questions when we share our faith with others.

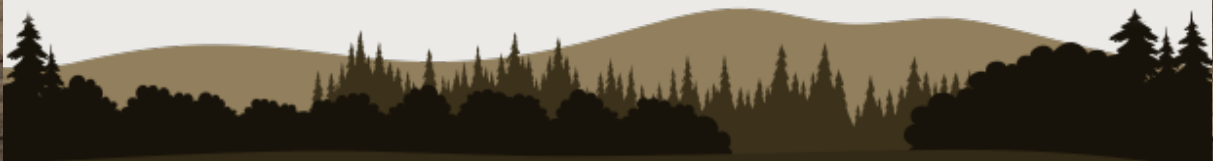

So, the next time somebody tries to tell you that the Bible is false because it doesn't mention anything about dinosaurs, you can confidently tell them, "oh yes it does" and you can also be able to show them.

## Pre-Service Coffee Q&A

Sundays at 9:00am

Join us in the Youth Room every Sunday, starting at 9:00am, for refreshments in a casual atmosphere for an opportunity for you and your friends to ask questions and discuss answers to your most pressing questions about God, Jesus, the Bible, other Religions, Christianity, or just about Life in general.
